### Assignment: Developing Keywords

Now that you have seen Research Xpress's YouTube video on developing keywords for your individual searches, it is your turn to create your own keyword chart. You will now have the opportunity to deconstruct your research question into a searchable string of keywords.

But first, let's take another look at the **example** provided for us:

**Sample Research Question:** How can teens engage in politics through social media?

Keyword		Keyword		Keyword
Politics		Social Media		teenagers
<b>OR</b>		<b>OR</b>		<b>OR</b>
government	<b>AND</b>	social network	<b>AND</b>	teens
political party		mass media		youth
republicans				high school students
democrats				college students

**What are your topics? Research questions? Keywords? How will you search?**
